NATIONAL SECURITY COUNCIL

April 19, 1975

MEMORANDUM FOR GENERAL SCOWCROFT

FROM:

Jeanne W. Davis *JWD*

ON-FILE NSC
RELEASE
INSTRUCTIONS
APPLY

SUBJECT:

STR Dent's Storage Problems

We have taken care of Mr. Dent's secure storage problems. Jerry Jennings has discussed the matter with him and has arranged for temporary secure storage facilities in White House office space. As a more permanent solution, Jerry has arranged for CIA security people to survey the STR offices and determine what would be necessary to provide secure storage there. Once the survey is complete, Dent can determine whether he wishes to do what would be required in his own area, continue the arrangement with the White House, or seek another solution through the NSC.

In any event, Mr. Dent seems happy with the current arrangement.

Thanks. JD
